Scope and Content

The materials in FOIA 2012-2662-S are a systematically processed body of documents from the Office of National Security Affairs related to meetings between Vice President Bush and various foreign leaders. The Staff and Office Files contain cover sheets, unclassified and declassified routing memoranda from the White House and Department of state, and handwritten notes which route classified, closed material.

System of Arrangement

Records that are responsive to this FOIA request were found in the following collection areas—Bush Vice Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2012-2662-S.
