Inventory for FOIA Request 2012-3128-S

Michael D. Fry Files

Extent

166 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, January 2013. Previously restricted materials are added as they are released.

System of Arrangement

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Related Collections

Related material may be found in FOIA request 1998-0136-F "Nonproliferation of Chemical and Biological Weapons"; 1998-0387-F entitled "Nuclear Issues involving India and Pakistan"; 1999-0302-F "START Treaty (Selected)"; 2000-1390-F "Strategic Arms Reduction Treaty (START) (Selected)"; 2006-0701-F "NSR-28 (June 2, 1991, U.S. Policy Toward North Korean Nuclear Weapons Program)"; 2010-0577-F "NSD-64 (November 5, 1991, Nuclear Weapons Deployment Authorization for FY 1991 and FY 1992)"; 2010-1890-F "WHORM Category AT (Atomic-Nuclear Energy)"; and 2010-2613-F "NATO, Strategic Nuclear Forces, President's Nuclear Initiative". Researchers should consult the archivist about related materials.

Scope and Content

The materials in FOIA 2012-3128-S are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA.

FOIA 2012-3128-S contains materials from the files of National Security Council staff member Colonel Michael D. Fry.

The Staff and Office Files contain memoranda, cables, and reports related to negotiations with the Soviet Union regarding Short-range Nuclear Forces (SNF) and chemical weapons elimination as well as memoranda and reports related to National Security Directive-72 (Nuclear Weapons Deployment Authorization). Also included are speeches and transcripts of news conferences presented by President Bush.

The following is a list of documents and folders processed in response to FOIA 2012-3128-S.
