Inventory for FOIA Request 2012-3137-S

Records on Walter H. Kansteiner Files

Extent

386 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, May 2013. Previously restricted materials are added as they are released.

System of Arrangement

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Scope and Content

The materials in FOIA 2012-3137-S are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2012-3137-S contains materials from the files of National Security Council staff member Walter H. Kansteiner. The materials include routine transmittal forms; press releases from the White House, the State Department, and various government and private sources (these materials make up the bulk of the records); transcripts of press briefings by Bush Administration officials; press guidance from the U.S. Department of State; pool reports from members of the media accompanying the President on various trips and events; presidential remarks and speeches from several campaign appearances; reports such as the National Drug Control Strategy and Statements of Administration Policy regarding proposed legislation; routine/ mundane talking points regarding meetings with foreign officials/ ambassadors; correspondence between President Bush and foreign heads of state; and routine memoranda regarding planning material/ agendas for meetings with foreign officials and heads of state.

The following is a list of documents and folders processed in response to FOIA 2012-3137-S.
