Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the

National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, April-May 2013. Previously restricted materials are added as they are released.

System of Arrangement

Records that are responsive to this FOIA request were found in the Quayle Vice Presidential Records: Staff and Office Files. As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Scope and Content

The materials in FOIA 2013-0362-S [4] are the documents maintained by the National Security Affairs Office as Meetings Files. These records consist of correspondences, lists, printed material, remarks, reports, and schedules related to VP Quayle's meetings with foreign leaders, foreign and US ambassadors, church leaders, congressmen, domestic business leaders, and domestic organizations. The records are organized chronologically.

The correspondence, lists, reports, and schedules arrange administrative details and provide background information for VP Quayle's meetings and other events. The printed material include published interviews with VP Quayle, pamphlets and articles published by organizations VP Quayle met with, and newspaper clippings regarding current foreign events pertinent to VP Quayle's meetings. The remarks contain speeches, statements, and toasts by President Bush and VP Quayle, as well as comments by other administration officials and foreign diplomatic leaders at various meetings, conferences, dinners, and press briefings.

The following is a list of documents and folders processed in response to FOIA 2013-0362-S [4].
