### Inventory for FOIA Request 2013-0362-S [6]

## National Security Affairs Office Subject Files Vice President Quayle

#### **Extent**

196 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, May-June 2013. Previously restricted materials are added as they are released.

#### **System of Arrangement**

Records that are responsive to this FOIA request were found in the Quayle Vice Presidential Records: Staff and Office Files. As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

## Scope and Content

The materials in FOIA 2013-0362-S [6] are the documents maintained by the National Security Affairs Office as Subject Files. These records consist of correspondences, press releases, printed material, remarks, and reports filed alphabetically by subject.

Correspondence between VP Quayle and congressmen, private organizations, and private citizens is filed by subject. Press releases include fact sheets by the White House, Department of Defense, and Department of State. Also included are speeches by President Bush and VP Quayle and transcripts of news conferences. Printed material consists of articles written by VP Quayle as well as newspaper clippings and journal articles. Remarks contain speeches by President Bush, VP Quayle, America, Secretary Baker, senators, military personnel, and other administration officials. Unclassified reports provide background information from the OVP, various Executive Branch officials, and Congressional committees.

The following is a list of documents and folders processed in response to FOIA 2013-0362-S [6].
