### Inventory for 2013-1211-S

## Selected Records of Samuel J. Watson National Security Affairs Office 1985-1989

#### **Extent**

84 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, December 2013. Previously restricted materials are added as they are released.

#### **System of Arrangement**

These records are found in one collection area—Bush Vice Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

## Related Collections

Related material may be found in FOIA requests 1999-0466-F entitled "Guatemala", 2011-2184-F entitled "Iran-Contra", and 2013-1209-S entitled "John Schmitz- Iran Contra Files". Researchers should consult the archivist about related materials.

## Scope and Content

The Samuel J. Watson Collection forms a part of the Bush Vice Presidential Records. The materials are a selective, not necessarily all inclusive, body of documents produced by the White House Office of National Security Affairs during George H.W. Bush's Vice Presidency. The materials have been divided into three sub-series: Country Files, Iran-Contra Files, and Trip Planning Files. The materials include government forms, schedule proposals, routine correspondence, reports, unclassified policy statements, printed material, mundane correspondence and travel schedules.

The following is a list of documents and folders processed for 2013-1211-S.
