Scope and Content

The materials in FOIA 2013-1217-S are a selective, not necessarily all inclusive, body of documents

responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2013-1217-S contains materials from the files of David McMunn, including agencies and individuals comprising the ad hoc committee instituted by President Reagan to study U.S. border security with an emphasis on illegal immigration, terrorism, and narcotics trafficking. (A portion of the records continue through into the Bush presidency, though they were originally filed with the Vice Presidential records.)

The Staff and Office Files contain a large amount of administrative/ logistical materials related to the composition, funding, and administration of the Task Force (budgets, travel documents, vouchers, office space and equipment rental, etc.) as well as various drafts of the classified and unclassified versions of the final report. Also included are memoranda, studies, and reports pertaining to counterterrorism and counternarcotics operations, immigration procedures, and press materials.

The following is a list of documents and folders processed in response to FOIA 2013-1217-S.
