Inventory for Systematic Request 2013-1218-S

Barbara Bush Foreign Trip Files (Bush Vice Presidential Records)

Extent

199 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivist, March 2014. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2013-1218-S are a systematically processed body of documents regarding the foreign trips of Barbara Bush, while accompanying the Vice President on his official visits abroad. The documents to be opened include memoranda, correspondence, press releases, lists, and papers. Memoranda consists of staff memos regarding background information on specific locations to be visited, such as museums and schools, weather and attire advisories, and disclosure requirements for gifts received by the Vice President and Barbara Bush. Correspondence consists of thank you notes from Barbara Bush. Press releases are related to announcements of upcoming trips. Lists include distribution lists for gifts given and received by the Vice President and Mrs. Bush. Papers include multiple draft schedules, final schedules, travel arrangements, background papers for social events, sequence of

events, and location descriptions.

System of Arrangement

Records that are responsive to this request were found in one collection area—Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of folders processed in response to 2013-1218-S.
