Inventory for FOIA Request 2013-1219-S

Vice President Bush Meetings with Foreigners Files

Extent

899 folders.

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, April 2014. Previously restricted materials are added as they are released.

System of Arrangement

Records that are responsive to this FOIA request were found in one collection area—Bush Vice Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Scope and Content

The materials in FOIA 2013-1219-S are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2013-1219-S contains materials from the office files of National Security Affairs staff member Donald P. Gregg.

The Staff and Office Files contain planning materials for proposed meetings between Vice President Bush and representatives of foreign governments, heads of state, and foreign nationals (some meetings were cancelled and/ or the Vice President declined due to scheduling conflicts, etc.) Included are schedules, talking points, remarks/ speeches, memoranda, background/ briefing papers, reports, and cables.

The following is a list of documents and folders processed in response to FOIA 2013-1219-S.
