Inventory for FOIA Request 2013-1755-F

Records on Assorted Galas

Extent

43 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, July 2013. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2013-1755-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

The Bush Presidential Staff and Office Files include memoranda, correspondence, task sheet, remarks, and lists maintained by individual staff members and offices. Memoranda include standard event sequence memos, as well as routine inter-staff memos on scheduling information. Correspondence includes letters concerning scheduling requests, event details, and participant information. Task sheets consist of typical Residence Event Task sheets. Remarks include drafts and suggested remarks for both the President and First Lady for events and receptions such as the Ford's Theatre Gala and the Kennedy Center Honors Reception. Lists consist of drafts of guest lists, RSVP acceptance lists, and gate lists.

System of Arrangement

Records that are responsive to this FOIA request were found in one collection areas—Bush Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2013-1755-F.
