Inventory for FOIA Request 2014-1017-F

Selected records on Poland

Extent

149 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, March 2015. Previously restricted materials are added as they are released.

System of Arrangement

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Name Files; Bush Vice Presidential Records: Subject Files; Bush Vice Presidential Records: Staff and Office Files; and Federal Records. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in

the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

Scope and Content

The materials in FOIA 2014-1017-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist and refer to the "related collections" above for additional related materials.

The White House Office of Records Management (WHORM) Alphabetical Files contain a copy of the photograph taken at the White House of President Bush and Lech Walesa.

The WHORM Subject File categories contain correspondence; memoranda; news clippings; and brochures from the general public, Congress, and the Bush administration concerning business, trade and investment in the new Republic. WHORM Subject File CO126 specifically concerns Poland. Letters from Congress and the public as well as some internal memoranda are present.

The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. Many of these files contain planning documents for Lech Walesa's first visit to the United States in 1989 to receive the Presidential Medal of Freedom, as well as his return trip, in 1991 as the President of the Republic of Poland. These materials include guest lists, programs, menus,

speeches, schedules, etc. of both events. Other files involve efforts to assist Poland economically through business, trade and investment opportunities, both publicly and privately, from 1989 to 1992. The Vice Presidential Staff and Office contain various materials related to George Bush's trip to Warsaw in 1987.

The following is a list of documents and folders processed in response to FOIA 2014-1017-F.
