### Inventory for FOIA Request 2015-0008-S

## Records on National Security Council— Defense Policy and Arms Control (John A. Gordon and Arnold Kanter Files)

#### **Extent**

1,303 folders.

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, September 2015. Previously restricted materials are added as they are released.

#### **System of Arrangement**

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder

integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

### **Related Collections**

Related material may be found in FOIA requests 1998-0136-F entitled "Nonproliferation of Chemical and Biological Weapons"; 1998-0142-F "Summit: NATO Summit at Rome, Italy (November 7-8, 1991)"; 2006-0040-F[1] "Strategic Defense Initiative (SDI)"; 2008-1295-F "Summit: U.S.-USSR at Washington D.C. (May 31 to June 2, 1990) (Additional Files)"; 2009-0782-F "NATO (Selected NSC Files)"; 2010-2612-F "European Strategy Steering Group (ESSG)"; and 2010-2613-F "NATO, Strategic Nuclear Forces, President's Nuclear Initiative".

### **Scope and Content**

The materials in FOIA 2015-0008-S are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2015-0008-S contains materials from the files of National Security Council staff member John Gordon who served as Special Assistant to the President for National Security Affairs and Senior Director for Defense Policy and Arms Control from May 1989 to January 1993. (Note: A portion of the materials include records from Arnold Kanter who served in that same position until May 1989. These records could not be adequately identified and segregated but are included in the overall group.)

The Staff and Office Files contain memoranda, cables, and reports primarily related to arms control and non-proliferation discussions with the Soviet Union and its successor states. These materials also contain memoranda related to administrative details for meetings, trips, reports, etc. as well as those related to congressional budget items; drafts and discussions of the 1992 State of the Union Address; reports to Congress such as Adherence to and Compliance with Arms Control Agreements and the National Security Telecommunications Advisory Committee; press releases, Q's and A's, and press statements related to such topics as the President's Nuclear Initiative, START discussions, etc.; and routine correspondence from Congress and the general public related to views on arms control discussions, non-proliferation, and trade.

The following is a list of documents and folders processed in response to FOIA 2015-0008-S.
