### **Inventory for FOIA Request 2015-0982-F**

## **Selected Records on the White House Photo Office & Selected WHORM Subject File Records**

#### **Extent**

2,514 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, September 2018. Previously restricted materials are added as they are released.

#### **System of Arrangement**

Records for this project were found in the following collection areas: Bush Presidential Records: Staff and Office Files and White House Office of Records Management (WHORM). As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. On the other hand, WHORM

Alphabetical Files are processed at the document level. The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

### **Scope and Content**

The materials in 2015-0982-S from the White House Photo Office Alphabetic Files are a systematically processed body of documents responsive to the topic of the FOIA. Other responsive documents are located in the White House Office of Records Management (WHORM) Subject File.

FOIA 2015-0982-F contains materials related to documents created by the White House Photo Office and White House Office of Records Management (WHORM). Staff received requests from senators, representatives and private citizens who wanted autographed photographs of President and Mrs. Bush. Also included in this FOIA are records from the White House Office Records Management Subject Files which contain references to David Valdez. He served as Director of the White House Photo Office and Personal Photographer to the President of the United States.

The Bush Presidential Staff and Office Files contain routine forms filled out by White House personnel tracking incoming photograph requests and their disposition. There are also letters, memos and notes documenting these requests. Additionally, there are photographs and copies of photographs which were requested by media outlets for publication. Associated White House Photo Order forms complete the collection.

The WHORM Subject Files contain routine correspondence between the president and private citizens, staffers and administration officials. This correspondence addresses gifts given and received by President Bush, and articles written about President Bush. There are also documents discussing a collaborative book project between Mrs. Barbara Bush and David Valdez as well as photograph requests for President and Mrs. Bush.

The following is a list of documents and folders processed in response to FOIA 2015-0982-F.
