### Inventory for FOIA Request 2015-1015-F

## Records on Olympics

#### **Extent**

126 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, October 2015. Previously restricted materials are added as they are released.

#### **System of Arrangement**

Records that are responsive to this FOIA request were found in three collection areas—Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; and Bush Vice Presidential Records: WHORM Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.

### **Scope and Content**

The materials in FOIA 2015-1015-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2015-1015-F contains materials from agencies and individuals concerning the Olympic Games.

The WHORM Subject File categories contain correspondence; memoranda; news clippings; and brochures from the general public, Congress, and the Bush administration. WHORM Subject File RE015 concerns the Olympics, and includes materials relating to the support of President Bush for the Atlanta and Salt Lake City Olympic city bids. The remainder of the WHORM subject codes contain brochures, letters, memos concerning the Annual Olympic Dinner, Olympic athletes, and other Olympic related events.

The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. The majority of the records concern the bids of Atlanta and Salt Lake City to serve as host cities for the 1996 Summer and 1998 Winter Olympics, respectively. Included are letters of support from President Bush, as well as members of Congress, and the bid committees for each city. Also included are records relating to President and Mrs. Bush's attendance at Olympics related events such as Olympic Flag Jam '92 and Olympic Committee dinners in 1990 and 1991. There is also material concerning 1992 White House events honoring Summer and Winter Olympians, including remarks and planning correspondence.

The following is a list of documents and folders processed in response to FOIA 2015-1015-F.
