Records on Marvin P. Bush

Extent

34 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, November 2015. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2015-1495-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2015-1495-F contains materials relating to Marvin P. Bush, son of President George Bush and Barbara Pierce Bush.

The WHORM Subject File categories contain articles, correspondence, forms, and articles from the

general public and the Bush administration. Most of the correspondence are letters to President Bush from people who met Marvin Bush on various occasions. There is a folder concerning Marvin Bush and Mrs. Bush's Honorary Co-Chairmanship of a benefit for the Duke Ellington School of the Arts, in Washington, DC. There is also a collection of articles from newspapers around the country which concern Marvin and Margaret Bush.

The Bush Vice Presidential Subject File contains letters to President Bush wishing Marvin a good recovery after his illness in 1986.

System of Arrangement

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Subject Files; Bush Vice Presidential Records: Name Files; Bush Vice Presidential Records: WHORM Subject Files; Quayle Vice Presidential Records: Staff and Office Files; and Federal Records. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2015-1495-F.
