Inventory for FOIA Request 2017-0233-F

Records of David Bradford, Council of Economic Advisers

Extent

51 boxes

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, December 2016. Previously restricted materials are added as they are released.

System of Arrangement

Records for this systematic project were found in the following collection area: Bush Presidential Records: Staff and Office Files. As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Related Collections

Related material may be found in FOIA request 2011-2569-F entitled "Economy, U.S. (Selected Files)" and FOIA request 2011-2577-F entitled "Selected Records of The Council of Economic Advisers"

Scope and Content

The materials in 2017-0233-S are a systematically processed body of documents created and maintained by David Bradford, Council of Economic Advisers. These records discuss the economic considerations for government initiatives (e.g. Clean Air Act, NAFTA, Regulatory Relief Act), as well as the economic implications of various domestic issues (e.g. taxes, inflation, employment, social security, health care, regulation) and international issues (e.g. trade, environmental protection).

The Staff and Office Files contain correspondence, legislation, press releases, printed material, remarks, and reports. Internal CEA correspondence comments on studies, reports, and proposed regulations from various agencies and organizes administrative issues, such as travel, staffing, meeting, and speaking engagements. Correspondence with other government agencies, Congress, and private individuals and organizations addresses issues such as trade policy, regulatory reform, the environment, Medicare, real estate, and biodiversity.

Press releases include statements, press conferences, and fact sheets on topics such as the water quality, regulatory reform, the costs and benefits of legislative proposals, and environmental protection. Printed material consists of books and pamphlets published by the government and by private organizations related to climate change and other regulatory reform issues. Remarks include responses from administration officials to various Congressional committees and private organizations, as well as statements from Bradford and other CEA officials on the state of the economy, economic growth, environmental policy, regulatory reform, and other economic issues.

Reports from the CEA and other government agencies address environmental issues such as endangered species, water quality, climate change, emissions reduction, and hazardous waste management. Reports and papers from private organizations and individuals address issues such as endangered species, environmental protection, employment, the impacts of global climate policy options, tax policies, and health care.

These records are divided into five series:

1. Chron Files: 3 boxes, arranged chronologically
2. Chron Files/Meetings Files/OECD Files: 3 boxes, arranged chronologically
3. General Correspondence Files: 2 boxes, arranged chronologically, undated files arranged alphabetically
4. OECD Files: 3 boxes, arranged chronologically
5. Subject Files: 40 boxes, arranged alphabetically

The following is a list of documents and folders processed in response to Case Number 2017-0233-S.
