Inventory for FOIA Request 2019-1046-F

Records on Selected Files on the United Nations

Extent

366 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, April 2023. Previously restricted materials are added as they are released.

System of Arrangement

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Subject Files; Bush Vice Presidential Records: Staff and Office Files; Quayle Vice Presidential Records: Staff and Office Files; and Federal Records. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not

selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

Related material may be found in FOIA requests 1999-0128-F entitled "United Nations Conference on Environment and Development (Earth Summit)"; 2011-0974-F, "Policy Coordinating Committee, United Nations (Selected File)"; and 2019-1045-F, "Selected Records on the United Nations Security Council Meeting on January 31, 1992 and the United Nations Military Staff Committee".

Scope and Content

The materials in FOIA 2019-1046-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2019-1046-F contains materials primarily from U.S. government agencies pertaining to the United Nations, including its inner workings and various missions and efforts throughout the world.

The White House Office of Records Management (WHORM) Alphabetical Files contains U.S. constituent and interest group correspondence advocating for or voicing opposition to several issues being overseen or conducted by the United Nations, such as efforts and programs designed to address world hunger, peace, environmental protection, etc.

The WHORM Subject File categories contain material similar to that mentioned above.

The Staff and Office Files contain material correspondence from constituents, interest groups, and non-government organizations advocating for or against various U.S./ U.N. policies as well as memoranda, background forms, financial disclosures, questionnaires, etc. related to candidates nominated to U.S. ambassadorial posts with the U.N. In addition, drafts of speeches by Vice President/ President Bush before the United Nations General Assembly and Security Council are included in the materials.

The following is a list of documents and folders processed in response to FOIA 2019-1046-F.
