Records on National Security Council: Richard Barth Director, International Economic Affairs May 1990 to October 1992

Extent

363 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (CASE NUMBER)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, January 2023. Previously restricted materials are added as they are released.

System of Arrangement

Records for this systematic project were found in the following collection area—Bush Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Related Collections

Related material may be found in requests 2007-0456-F entitled "NSD-39 (May 1, 1990, CoCom Policy Towards Eastern Europe and Soviet Union" and 2007-0458-F entitled "NSR-22 (January 12, 1990, CoCom Policy Towards Eastern Europe and the Soviet Union).

Scope and Content

The materials in Case Number 2022-0746-S are a systematically processed body of documents responsive to the topic. Researchers should consult the archivist about related materials.

2022-0746-S contains material from the files of National Security Council staff member Richard C. Barth who served as Director, International Economic Affairs from May 1990 until October 1992 (Portfolio: Export Controls, Technology, Missile Proliferation).

The Staff and Office Files contain memoranda, reports, cables, and correspondence pertaining to U.S. trade/export controls over militarily sensitive technologies within the context of the Coordinating Committee for Multilateral Export Controls (CoCom), a post-World War II agreement among Western Bloc nations. Included in the materials are discussions and negotiations between the U.S. and other CoCom nations regarding items/technologies which should or should not remain on the various control lists which prevented their exportation to the Soviet Union/Eastern Bloc as well as nations designated as state sponsors of terrorism.

The following is a list of documents and folders processed in response to Case Number 2022-0746-S.
