Records on National Security Council: Susan Koch

Extent

557 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, June 2023. Previously restricted materials are added as they are released.

System of Arrangement

Records for this systematic project were found in the following collection area—Bush Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Related Collections

Related material may be found in the following FOIA request:

- 2006-0040-F—Records on Strategic Defense Initiative (SDI)
- 2014-1085-F—Records on the Nunn-Lugar Act
- 2018-0877-F—Records on Reduction in Force Post-Cold War and Desert Storm

Biographical Note

Susan Koch served as Director for Defense Policy and Arms control in 1992. Her primary areas of responsibility included nonproliferation, warhead reduction and the Strategic Defense Initiative (SDI). In addition to her work at the NSC, between 1982 and 2007 Koch held various senior positions at the Office of the Secretary of Defense, the Department of State, and the U.S. Arms Control and Disarmament Agency working primarily on nonproliferation and arms reduction policy.

Scope and Content

The materials in this collection are a systematically processed body of documents responsive to the topic. Researchers should consult the archivist about related materials.

Case Number 2023-1094-S contains cables, correspondence, papers, press releases, printed material, reports, and talking points addressing topics such as arms control, Conventional Forces in Europe (CFE), defense preparedness, export controls, nonproliferation, nuclear testing, and the Strategic Arms Reduction Treaty (START).

It should be noted that a significant number of the documents listed here are security classified and have been closed under the restrictions of the Freedom of Information Act.
