#### **Scope and Content**

The materials in 2011-1295-S are a selective, not necessarily all inclusive, body of documents. Researchers should consult the archivist about related materials.

C0019 is a secondary subject category containing letters, a handwritten note, and government forms. A final version plus several drafts of a letter from President Bush for presentation to the King of Bhutan are included. In it, President Bush expresses his good wishes for the king and the people of Bhutan. There is also correspondence present between Bhutan's representative to the UN and an administration official that addresses the establishment of a trust fund for environmental protection in Bhutan. The handwritten note transmits a draft of President Bush's letter from one staffer to another. The

government forms are a White House Correspondence Tracking Worksheet and a Department of State Transmittal Form which track information related to the trust fund correspondence.

### **System of Arrangement**

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.
