GB :  
Major  
regret)

Havent had time to digest. So comments at random. Much good for thought.  
It's thank Major. Not easy to do normally, but also adding Gorb, not a Western, industrialized democ. Feels he's a long way from that.  
But fitting you invited

- Important to be received w. respect, sense of honor due him.  
In US, yellow was the demerit for a flabby moment  
Spirit of willing foreign aid, eg. to Cuba. All in them's demerit except

Never turn back on G's achievements. Salute G's unity.  
Salute Continuing process. We can do nothing w. USSR that puts EE in less than privileged position. Don't want to send signal well slight.

Can't right-out checks, give money, until reforms talked about are implemented.

Mel in US. specialist in USSR recently. They emphasized need to finalize Union Treaty. w/o it, could do out on the. Need to sort-out tax, etc. for I-mex

So expectations of Gorb are lowered; Gorb to use But also, USSR want an econ superpower. Have military might. This complicates for me. Long range missiles aimed at US. (Close to getting START; Gorb said 99% -- I'll try to conclude, but ~~that~~ want to throw into this one.)

Shouldn't affect success here. START in -recently work of US

5

GB

Agree can't be a federation by force. Need to encour Greeks  
to go ahead with British indep. He needs to understand  
quest for indep won't be stemmed. For US, single best  
step will be to show they can be free.  
Look fwd to his being here.

Will stop there. Wanted to address Miller pt 3.

As for 3rd world, trade is best way to help. UK key.  
Some heard rumors US had interested. We are.  
Know we have to give on textiles, agric.  
in all our interest

On oil, leave to later on. May have difference with France, but  
don't think so. Still OPEC sensitive price. Let M. correct  
to emphasize oil - same for energy itself

you've been spaced & saying Turkey Ptz
