Honorable George Bush
President of the United States
1600 Pennsylvania Avenue
Washington, D.C. 20500

Dear President Bush:

Congratulations on the outstanding job that you and your staff performed with the Persian Gulf War. The American people will remain very proud of you. I did not have an opportunity to assist America with this war effort due to not being in the military. When I graduated from high school, the Vietnam war was over and I was encouraged to attend college. My background has been with local government management and I am currently the city administrator for the City of Somers Point in New Jersey. Last week I contacted the International City Manager's Association headquartered in D.C. to see if anyone has volunteered to help you and our country in assisting Kuwait, particularly Kuwait City in revitalizing city services. Know one to date has come forward although the ICMA have located managers in other countries on an exchange basis. I'm willing to serve our country in helping our military to bring order to the people of Kuwait. If you need a hands on city manager to assist with organizing city services in Kuwait for 30 to 90 days please give me a call. I'm not one who likes to be behind a desk but rather be out on the streets, meeting and working for the public. My assets and interests are organizing local government services and increasing efficiency in city departments. Please let me know if I can be of assistance. Thank you.

Respectfully,

Judson Moore, Jr.
City Administrator
