Inventory for Systematic Review

Records on WHORM Subject File CM001 (Chemicals)

Extent

.84 ft.; boxes 1-3 scanned, box 3 unscanned

Access

Collection is open to all researchers. Access to Bush Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, 1996–1997. Previously restricted materials are added as they are released.

Scope and Content

The materials in CM001 (Chemicals) are a systematically processed body of documents from the White House Office of Records Management (WHORM) Subject File. This secondary subject category contains congressional, constituent, governmental, and staff letters and memoranda pertaining to the regulation, manufacture, and safety of various chemicals including gasoline, chlorofluorocarbons (CFC's), and fertilizers. Specific issues covered in this category include the debate over the ETBE (Ethyl Tertiary Butyl Ether) tax credit, chemical warfare, automobile fuel efficiency, ethanol, the HiTEC 3000 fuel additive, and Environmental Protection Agency guidelines affecting the chemical industry.

System of Arrangement

Records that are responsive to this FOIA request were found in Bush Presidential Records: WHORM Subject Files.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.
