Scope and Content

The materials in FOIA 2010-0035-S are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

CO117 is a secondary subject category containing government forms, correspondence, a paper, a statement, and a declassified memorandum of conversation. Several topics are covered in the correspondence and include the United States government's participation in a regional conference on

European sustainable economic development and the death of King Olav V. Other subjects address the visits of Prime Ministers Gro Harlem Brundtland and Jan Syse to Washington, D.C., Norwegian government changes, and a presidential message to the King and Queen for Norway's Constitution Day. Of special note is Prime Minister Brundtland's speech made at the opening of the United National Conference on Environment and Development held in Rio de Janeiro in June 1992. The memorandum of conversation between President Bush and Prime Minister Brundtland covers multiple world topics.
