#### Processed By

Staff Archivists, 1996–1997. Previously restricted materials are added as they are released.

#### Scope and Content

The materials in FA006 (Revenue Sharing) are a systematically processed body of documents from the White House Office of Records Management (WHORM) Subject File. This secondary subject category contains materials relating to revenue sharing. People write in calling for the reinstatement of the federal revenue sharing program, supporting the administration's disapproval of the Revenue Act of 1992, and asking for assistance in filling out grant applications. They are especially concerned with the negative impact Bush's block grant proposal will have on Indian tribes, cities, and municipalities. The researcher should note that this is the third file code (FA, FA 004, and now FA 006) under which records pertaining to block grants can be found.

**System of Arrangement**

Records that are responsive to this FOIA request were found in Bush Presidential Records: WHORM Subject Files.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.
