Scope and Content

The materials are a systematically processed body of documents from the White House Office of Records Management (WHORM) Subject File category FG033-19.

FG033-19 is a secondary subject category containing government forms and correspondence. The White House Correspondence Tracking Worksheets log in correspondence sent to the White House, list the subjects of the correspondence, routing information, actions taken, and disposition of the cases. Letters between private citizens and White House administrators address recommendations for positions within the U.S. Small Business Administration and funding.

System of Arrangement

Records that are responsive to this systematic review were found in Bush Presidential Records: WHORM Subject Files.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.
