### **Scope and Content**

The materials in JL002-01 (Anti-Trust Cases) are a systematically processed body of documents from the White House Office of Records Management (WHORM) Subject File. This secondary subject category includes memoranda, letters, and testimony. Letters and memoranda from the general public and White House staffers discuss anti-trust cases. The category also contains legislative referral memoranda which provide information about federal bankruptcy and anti-trust laws, as well as draft testimonies prepared for staff appearances before Congressional committees.

**System of Arrangement**

Records that are responsive to this FOIA request were found in Bush Presidential Records: WHORM Subject Files.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.
