Scope and Content

The materials in MA063 (President's Environment and Conservation Challenge Awards) are a systematically processed body of documents from the White House Office of Records Management (WHORM) Subject File. This secondary subject category contains materials relating to the establishing of the award itself, the nomination process, and the final awarding of medallions to both individual and group conservation organizations.

System of Arrangement

Records that are responsive to this FOIA request were found in Bush Presidential Records: WHORM Subject Files.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.
