The materials in RA003 (Disposal-Surplus-Real Property) are a systematically processed body of documents from the White House Office of Records Management (WHORM) Subject File. This secondary subject category contains materials relating to the proposed transfer of surplus land at Ft. George Meade to the Patuxent Wildlife Research Center, the proposed no cost transfer of 1200 acres of surplus land from Pease Air Force Base to the Department of Interior for the Great Bay National Wildlife Refuge, and the possible establishment of an ad hoc committee to review the current Federal Property Management Program.

System of Arrangement

Records that are responsive to this FOIA request were found in Bush Presidential Records: WHORM Subject Files.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.
